

## **Gallery or library?**

How do your photo clients want to keep their forever memories - in photo books to be passed round and handed down, or on the wall as display prints to be seen every day?

Ouse Valley Printing photo books are at home on the coffee table or in the bookcase. Genuine photographic printing uses silver halide based paper in lustre, high gloss or pearl/metallic finish with cases available for sizes over 9 x 12".

On the wall, OVP acrylic prints have a big impact. Look at the Wall Art and Posters page of the website's on-line ordering and you'll find beautiful high gloss acrylic panels from 12 x 12" up to 24 x 24" for popular square crops, or 12 x 16" to 20 x 30" for full frame. Starting at just £39, even the largest is under £100.

Every framed photo, canvas or acrylic print wall art created at OVP is hand made by professionals. You can meet them at the Societies Roadshows in May and June and enter a prize draw free when you do!

The SWPP Roadshow dates are:

24th May - The Inn on the Lake, Gravesend

25th May - The Ridgeway Centre, Milton Keynes

30th June - The National Motorcycle Museum in Solihull

Free prize draw – visit OVP at any of the roadshows for your chance to win a 12 x 9" layflat photobook with 10 double spreads, or 12 x 12" Wall hanging acrylic, both with free UK delivery.
